

Agenda review meeting October 20-21

The following draft agenda is organized by WP and by deliverables to support the review meeting Critical Design Review – Step 2.

WP leaders are responsible for the organization of the presentations. They can involve Task leaders or other key colleagues as additional speakers.

Presentations should:

- Present the activities since last review of June 24-25
- Address comments from the reviewers in the report received last 2020 August 31st (and previous round of question/answers of last July)
- Present the organization of the HSP CDR process and preliminary results
- Address questions from IAB, PO, experts on the CDR documentation
- Present test reports (payload DM, OBC EM)
- Present the results of the HTP payload and system CDRs
